DETAILED ACTION

1. Claims 1-30 are pending.

Response to Amendment

Drawings

2. The reply filed on March 28, 2002 is not fully responsive to the prior Office Action because: No proposed drawings were submitted with the Amendment received on March 23, 2002. Applicant's arguments have been reviewed, but are not convincing. All claim features recited in the claims must be illustrated in the drawings. Thus, the Amendment is deemed non-responsive. Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for

reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.
